GREETINGS FROM THE KITCHEN !

Retirement

Spring has finally arrived! We are now starting to experience the first of our local bounties. The Dietary activities for this month are a Culinary Tour of the Middle East, a Craft Beer sampling and Cheeseball Day Celebration. We will also take a deeper look at the seasonal cuisine that Spring has to offer.

LTC

We will be having our Easter Dinner on Sunday April 1st at the evening meal. There will be a sign-up sheet for anyone taking their loved one(s) home that day, at each nursing station. If you wish to stay for Easter dinner, tickets can be purchased in advance by March 28th , at the front office.

From Administration

**Happy Easter and Happy Spring to
Everyone!**

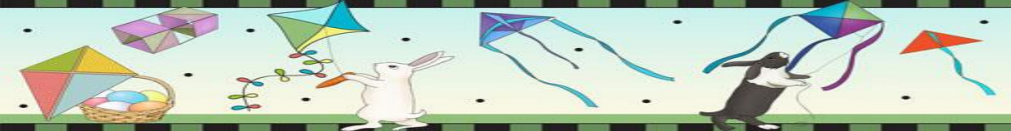

For our Retirement Visitors, a reminder that the area outside the main doors off Huron Street are to be used for helping Residents in or out of the car, or if you are dropping off large items that are awkward to carry from the parking lot. We ask that once you have emptied your car or safely delivered your loved one to the foyer or their room, that you then move your car to one of the parking spots available. We need to ensure this area stays clear if we ever need to have an ambulance or fire truck arrive. Any questions feel free to ask at the front office.

NURSING DEPARTMENT

Spring has sprung! I think we all are looking forward to warmer temperatures and green grass instead of snow.

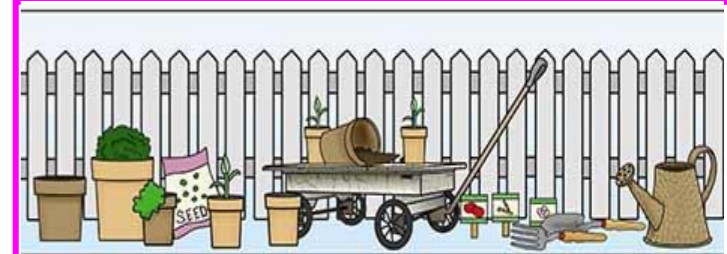

A friendly reminder that if POA or family members wish to have a residents mail held for pickup, this must be done via the main front office. It is the responsibility of the POA's to stop by the office at their desired frequency to collect the mail. The front office is open Monday to Friday from 9am to 5pm.

Mail will not be held by the recreation staff or at the nursing desks.

ENVIRONMENTAL DEPARTMENT

Hello from the Environmental Department

Hope you all did well over the winter months.....it sure was a cold winter! Let's hope spring is on its way!!

I am looking forward to planting the flowers for us all to enjoy ☺

Please remember if you see any pests let a staff member know so we can call pest control. Also, please make sure all your food is in containers this will help us with controlling the ants.

Any maintenance requests, please inform a staff member so that we can note it in the book so we can address the situation in a timely fashion.
