JANUARY 2017

Happy New Year!

Did you know:

"Auld Lang Syne" became the song to sing on New Year's Eve because of a Canadian entertainer called Guy Lombardo. For decades (1929-59), Lombardo performed a live broadcast from the Roosevelt Hotel in New York City on New Year's Eve. Each year, his orchestra, the Royal Canadians, would play Auld Lang Syne as part of the celebration. Thanks to coverage of the event on the radio and then on television, the song became a New Year tradition.

Environmental Department

Happy New Year from the Environmental Department!

I hope you all had a wonderful Christmas!! The winter is here and I would like to remind everyone to walk very carefully when outside. Another reminder, any maintenance requests, please let a staff member know so they can log in the maintenance binder located at all nursing stations. For residents who get their laundry done here, please remember new clothing needs to go to the nursing station to get itemized and documented for us to sent to laundry to label. If clothing is missing contact nursing or myself so we can look for the item(s). We have started a no name form which will be itemized and dated.

Hope you have a Happy 2017!

Regards,
Glenna

Director of Environmental Services
