## HAPPY FATHER'S DAY

**From Administration**

The speed bumps have been installed now that winter is over. Please remember to drive slowly in the parking lot as our residents will be out enjoying our nice warm weather.

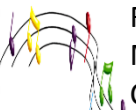

### **LIFE LABS SERVICES**

If you receive a bill from Life Labs, this is for blood work testing that the Doctor has ordered for the resident. This is a cost for them to come into the facility for the testing as opposed to the resident having to be taken to one of their labs. The cost is \$25.00 to be paid by the patient, to the technician, at that time or you can have it billed to you for payment at a later time.

## Environmental Department

### Welcome Summer!

The flowers are budding and the blossoms are blooming!!

I will be planting the entry pots very soon as our weather is getting warmer.

We have hired a summer student again for outdoors. His name is Michael, if you see him around the facility be sure to say hi ☺ He will be maintaining our entrances and gardens this summer along with some duties in house.

Our pesky pests are returning, please remember to keep all food in sealed containers or closed bags.

Any maintenance requests or concerns, please let a staff member know so we can ensure a quick response.

I will be purchasing bird feeders for you to enjoy watching and listening to them. Please remember to let us feed them, and please do not put out other food so we can keep other pests away.

Thanks,  
**Glenna**

Director of Environmental Services
