10am**

### *In Remembrance*

*Albert Latham  
Charles Snow*

### **Family Council:**

Family Councils serve important functions by providing assistance, information and advice to residents, other family members and persons of importance to residents. Family Council can also work with management of the Home to make suggestions and/or recommendations relating to policy development, program development, environmental improvements or to raise concerns.

Under the Long Term Care Home Act and Regulation, Family Councils are not a requirement but there is an expectation that upon a request of any family member to establish a Family Council within the Home, that the Home will provide assistance.

In the past, Tyndall had a Family Council but this was disbanded approximately a year and a half ago due to general lack of participation and interest.

Family Council can provide a valuable service to the residents and management of the Home when working towards common goals. As Administrator, I am open to speaking and assisting any family members who wishes to consider starting a Family Council at Tyndall Senior Village or just to provide general information.

Please call to speak with me, or stop at the front office area and I would be pleased to speak with you.

**Pat Bedford, RN  
Administrator**
