### Residents, Families and Friends

As a reminder, the new unfunded service agreement and resident information packages were sent out in November. We are still waiting for some of these forms to be returned. Please return them back to the Front Office at your earliest convenience or if you require another copy, please let the office know.

Our next Family information session will be held  
**Thursday April 5th at 2:00pm.**

Topics will include Fire Safety and Resident to Resident Incident's.

#### **Family Council:**

Family Councils serve important functions by providing assistance, information and advice to residents, other family members and persons of importance to residents. Family Council can also work with management of the Home to make suggestions and/or recommendations relating to policy development, program development, environmental improvements or to raise concerns.

Under the Long Term Care Home Act and Regulation, Family Councils are not a requirement but there is an expectation that upon a request of any family member to establish a Family Council within the Home, that the Home will provide assistance.

Family Council can provide a valuable service to the residents and management of the Home when working towards common goals.

Please call to speak with Beverley Doyle or Shannon Sprung for information or visit **the Family Councils of Ontario Website** at <http://fco.ngo>
