

*Kensington Village Mission Statement:  
Providing "Resident First" Care*

**GREETINGS FROM THE KITCHEN !**

**Retirement**

We would like to begin by thanking our residents, especially those in the Canterbury dining room for their patience during the kitchen renovations. We will be featuring special menu items all thru the day on May 13<sup>th</sup> in honor of **Mother's Day**. Also make sure to refer to the activities calendar as to when and where Food with Chris will be happening...(Pssst we are hoping to get outside for a Pre-Victoria Day Patio Party!)

**LTC**

We are looking to start the summer/fall menus for the first week of June. Also planning BBQ's for July and August with Activation. We recently enjoyed a St. Patrick's Day themed menu and are looking for some ideas for another theme menu....so please let us know if there is something you would like do. Reminders also to drink lots of water, juices etc. to keep hydrated throughout the day.

**Happy Mother's Day!!**

**DID YOU KNOW:**

The white Carnation, was the original flower of **Mother's Day**.

Pink carnations represent gratitude and love while red carnations signify admiration. White carnations are traditional flowers to give or wear in remembrance of a mother who is not longer living.

*"The Carnation does not drop its petals, but hugs them to its heart as it dies, and so too, Mothers hug their children to their hearts, their mothers love never dying."*

**From Administration**

It seems the nicer weather may finally be coming!! With that, we are seeing our Residents start to venture outside and enjoy the sun.

Please take care in the parking lots and watch your speed. We will soon be reinstalling the speed bumps as well.

When looking to send in flowers for Mother's Day, please mention to the florists that we don't allow lilies. While they are beautiful, they are very fragrant and cause breathing problems for some.

Thank you and enjoy the sunshine!

## NURSING DEPARTMENT

### **NURSING WEEK**

May 6, National Nurses Day, is the official kick-off to [National Nurses Week](#), which ends on May 12 (otherwise known as [Florence Nightingale's](#) birthday). But while nurses have been an integral part of healthcare since Nightingale's days, National Nurses Day is a fairly new celebration.

## ENVIRONMENTAL DEPARTMENT

Hello from the Environmental Department

I hope everyone weathered out the winter months! It was a tough cold winter. I am looking forward to spring and planting of the flowers in our entry containers. ☺

A reminder to residents and families that if there is a need for maintenance to inform a staff member or call and leave me a message at 519-455-3910 Ext. 277.

Also, when bringing in clothing, remember to take it to the nursing station on the LTC side to ensure it comes to laundry to be labeled, this will help with it getting returned back to your loved one.

Happy Spring!! The birds are singing!!
