Ministry Inspection –Resident Quality Inspection (April 2018)

The Ministry completed the annual Resident Quality Inspection on May 17, 2018. The inspection also included follow up on 4 Critical Incident Reports and 3 Complaints.

The final Report has been received with following results:

No Compliance Orders received – all previous Compliance orders were cleared in Dec. 2017.

There are several areas of Written Notice with Voluntary Plan of Correction – we will be developing an action plan to address these issues.

The Ministry will be sending a “Public Report” which will be posted and accessible to anyone wishing to view the report.

Summer Time – Reminder: Please refrain from bringing in food items to leave in resident’s room. Items can spoil quickly and become unsafe for consumption. Food items will also attract ants and other insects.

BBQ’s have started every Friday and rotate floors (sittings), please note in the calendar for the appropriate day for you. BBQ lunch is served for everyone inside or out regardless on Friday June to mid September.
