Tyndall Seniors Village

Residents, Families and Friends

Change of Administrator – It is with mixed feelings, that I inform Families and Residents that Andrea Williams has resigned her position of Administrator effective Feb. 21, 2020. This was a difficult decision for Andrea as she has put over twenty two years of her career at Tyndall Seniors Retirement Home and the past few years at the Long Term Care Home. But, she feels that there are other opportunities and options she needs to explore within her career and this is the right time for her.
Tyndall Seniors Village will be recruiting to hire a new Administrator but during the interim, Pat Bedford will assume the position of Interim Administrator.

Reporting Environmental Issues within the Home

All Tyndall Seniors Village Staff are responsible to report any environmental issues. This can be done by writing the concern in the Maintenance Log Book, located on every unit as well at the Main Office (4 books in total). In the event that the issue arises after hours, the Maintenance department will be notified, depending upon the severity of risk.

Reporting Environmental Issues assists in keeping TSV aesthetically pleasing & safe for residents, families, staff & visitors. Although the Facility Services Department (which includes Maintenance, Laundry & Housekeeping) is responsible for monitoring, fixing while maintaining a clean & safe Home.

What can you do to help?
Report any environmental concerns to either the Front Office, Charge Nurse or Manager – so they can write it in the maintenance book if necessary clean up after yourselves, especially when using public area.

Interim Resident Services Coordinator –
We are pleased to inform you that Catherine Faulkner is filling the role as Interim Resident Service Coordinator until a final decision is made for a replacement. Catherine is an RPN and has been with Tyndall Seniors Village for over a year. Please stop by and say hello to Catherine.
